PUEBLO OF LAGUNA
GOVERNOR'S OFFICE

Dear Governor Martinez:

There have been a number of important developments in the Jackpile-Paguate Project over the last month, which we should discuss. Specifically, these developments include:

1. Changes in the EIS process due to the merger of the Minerals Management Service and the Bureau of Land Management.
2. Inclusion of the Pueblo's alternative in the EIS.
3. Anaconda's decision to modify their reclamation proposal.
4. Recent developments in various technical issues: i.e., blasting damage, revegetation monitoring, groundwater recovery, slope stability, and highwall stability.
5. Anaconda's response to the Pueblo's December 3, 1982, letter.

I would like to meet with you in your office at 10:00 a.m. on March 9, 1983, to discuss these items. Please contact me if this date is satisfactory.

Sincerely yours,

Marc E. Nelson
EIS Task Force Leader
